

Department of Computer Engineering

University of Peradeniya

Lab 02

CO226 - Database Systems

October 18, 2018

1 Aim

The aim of this lab is to provide students hands on experience of creating web pages using php HTML and CSS.

2 Objectives

At the end of this lab, students should be able to get the form given in Figure 1 using php GET or POST method.

3 Lab Task

Create php files to display data (A sample output is provided in figure 1) submitted through the html form (submitted in the Lab 1) using following two methods.

- GET
- POST

4 Submission

Submit the html file and the php file in a zipped folder named E15XXXLab2.zip on or before the deadline. Here XXX is your registration number.

5 Deadline

The deadline for the submission is Friday(26th of October) 23:55h.

Your Infromation System

Thank you, Roshan for your perches from our web site

your item colour is : Blue & T-Shirt size :Medium

Selected items/item are :

- * Wrist band

your items will be sent to :

*Roshan Gamage,
No.161/1 Peradeniya rd, Kandy,
No.23 Kandy,
No 456 Gamapa*

Thank you for submitting your comments. We appreciate it. You said:

Please deliver on time
